So, if you drive **from Plzeň**, follow directional signs for Brno near Prague (until you see this direction, please follow the general "transit" direction)

On the contrary, if you drive **from Brno**, then follow directional signs for Plzeň.

You will get automatically to **by-pass road D0** (before marked as R1) in this way - it is indicated as the "Pražský okruh" (Prague Circuit) in Czech on signs. Then **leave it on slip road No. 82** (Jesenice – Jílové). After the slip road, then follow directional signs for the "Jesenice" village. Go through the Jesenice village around the Lidl supermarket (on the left) and then take the left road – in the direction of the "Zlatníky" village – at the junction. Then you will already meet also our camping site directional signs from there.
